Credits

- Special thanks to Adrian Waddell at Roche/Genentech, whose (in-house) teal framework provided direct inspiration for shinymeta

- Thanks to Doug Kelkhoff at Roche/Genentech, whose scriptgloss package provided interesting lessons

- Motivated by functionality built independently by many Shiny users over the years, including Vincent Nijs (radiant); Eric Hare and Andee Kaplan (intRo); Xiao Ni (Novartis); Eric Nantz (Eli Lilly); and Tyler Morgan Wall

Thank you!
